Jennifer Zink\My mom

I picked my mom because she helps me when I am hurt and prepares me delicious food. She makes me feel warm inside. She is my favorite person! She tucks me in at night and gives me hugs and kisses! She loves me very much and I love her too! She comforts me when I am scared. When I am scared, she lets me sleep with her pillow or kisses my pillow that says "BE MINE" and it is like she is right there with me. She helps me with lots of things. That is why I picked my mom, Jennifer Zink.
